Secretary Baker tells Governor Allen that he is no controversy with the War Department. We had long suspected that the Governor's controversy was with Henry J. Allen of Kansas.

Cut This Out and Take It With You.

A man often forgets the exact name of the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlain's Tablets. You will find nothing quite so satisfactory for constipation and indigestion.

Just as Good.

German publishers ask \$250,000 for the foreign rights on a book by Von Terpit. But those that like that sort of German literature will probably be contented to continue to read Maun-chausen.—Cleveland Plain Dealer.

Mr. Wisler Cured of Indigestion.

"Some time in 1909 when I had an attack of indigestion and everything looked gloomy to me, I received a free sample of Chamberlain's Tablets by mail. I gave them a trial and they were such a help to me that I bought a package, and I can truthfully say that I have not had a similar attack since," writes Wm. B. Wisler, Douglassville, Pa.

Bathing Costumes.

Authorities are still concerned with questions of propriety regarding bathing costumes. The hopeful fact asserts itself that almost any bathing suit ceases to invite admiring interest after it has become thoroughly wet. As a starter, bathers should be compelled either to go in swimming or go home.—Washington Star.

For the Relief of Rheumatic Pains.

When you have stiffness and soreness of the muscles, aching joints and find it difficult to move without pain try massaging the affected parts with Chamberlain's Liniment. It will relieve the pain and make rest and sleep possible.

Miss Almada Greer and Miss Nancy Smith went to Warrensburg Tuesday morning to attend the Warrensburg Normal.

Booze Is Not a Good Cure.

From the Ames Iowa Intelligencer
When a man comes to you all doubled up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

William Gaffin went to St. Joseph Friday on business.

One of the Interesting Exhibits Shown at the Methodist Centenary Celebration

To prove that his soul is above worldly troubles and physical pain, this Hindu fakir nonchalantly reclines on a bed of spikes, much to the amazement of less spiritual observers. The bed of spikes will be one of the interesting exhibits shown at the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Whether a fakir, Hindu or otherwise, can be found to demonstrate his power of endurance on it is still an unsettled question with celebration officials.

To Play Great Organ at the Methodist Centenary

MRS. MONTGOMERY LYNCH of Seattle will play the great \$50,000 organ in the presentation of "The Wayfarer," the magnificent pageant of the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. Montgomery Lynch, her husband, will direct the chorus of 1,000 voices, which is a part of the pageant.

REDUCED FARE ADDS INTEREST

Visitors to Methodist Centenary to Be Well Cared For.

REGISTRATIONS ON INCREASE

Housing Committee of the Celebration Have More Than Forty Thousand Rooms in Private Homes at Their Disposal, Where Those Who Attend Can Be Lodged as Conveniently as at a Hotel.

Announcement by the government that a special low rate of one and a third fares for the round trip has been authorized for the celebration, Columbus, O., June 20 to July 13, has tremendously increased the interest in that event and advanced manifold the inquiries and registrations coming from all parts of the United States. At headquarters the other day a single mail brought cash registrations from 14 separate states and South America.

The low rate has increased work for the special committees, which are responsible for housing the large influx of visitors now seen to be certain. Accommodations fall into three classes:

First, the hotels, which have an average daily capacity of 5,000 visitors. The second field of accommodation will be in public buildings, which have been specially fitted up for this sort of service for the celebration. These include the State School for the Blind, the State School for the Deaf, the large barracks which were provided at Ohio State university for the student army training corps, and other buildings of a similar nature held in reserve should the throng exceed even present, generous expectations.

The third line of convenience for the hospitality of Columbus is in the homes of the citizens themselves. More than 40,000 rooms have been listed with the housing committee, and these are card indexed by location, telephone number and best means of access. Visitors to the Celebration can be lodged as conveniently as a clerk at a hotel assigns a visitor to his room. In order that there might be no misunderstanding, the committee in charge has a uniform rate for accommodations in private dwellings. The charge will be

\$1 per day for a single person in a room and \$1.50 per day for two persons in a room.

Always generously provided with restaurants, Columbus at the present time is having its number largely reinforced by reason of many places being turned into restaurants which were occupied as cafes before May 24, when the state became dry. In addition to these, extraordinary facilities for feeding large numbers quickly are being installed in the exposition grounds.

MONSTER SCREEN AT METHODIST CENTENARY

Special Lantern Devised For Throwing Pictures

Finishing details are being placed on the arrangements for the erection of the largest screen for the projection of pictures ever built in the world. This is to be one of the features of the Methodist Centenary Celebration, to be held in Columbus, June 20 to July 13.

This monster screen will have a surface for pictures 115x115 feet. The actual structure will be several feet larger in each direction. A special lantern has been successfully devised for throwing these tremendous pictures the necessary distance. The screen will be 250 feet from the nearest spectator and will be built to withstand 10 pounds pressure to the square foot. The lantern which will project these pictures has already successfully thrown pictures on a screen in New York City across a distance of four and a half city blocks. According to Architect Harry C. Holbrook, the screen will be, in effect, three sides of a house. It is necessary to give it the foundations equivalent to a four-story building.

In order that there may be as much salvage as possible after the screen has served its purpose, the picture face will be of fitted lumber, which later will be treated with a white surface preparation. The estimated cost of this screen will be \$8,000. The screen and the lantern will be used in showing the tens of thousands of views, made all over the world by the Methodist Missionary Survey, which has the finest collection of pictorial reviews anywhere in the world.

Columbia Professor in Charge of Exhibits at Methodist Centenary

PROFESSOR LA MONT A. WARNER of Columbia university is director of the arts and designer of exhibits and scenery for the Methodist Centenary Celebration, in Columbus, O., June 20 to July 13. On plans which he laid down, the multitude of exhibits, domestic and foreign, have been arranged in the buildings in scenic effects, making them at once appropriate and effective.

Professor Warner had charge of world exhibits held in Boston, Chicago, Baltimore and Providence in past years, and has studied and worked abroad.

WOMEN IN BUSINESS WORLD

Gentle Sex Rapidly Learning to Compete With Rules That Are Necessary for Success.

One reason that women have always looked at life through the personal periscope is because for centuries their duties have been confined to their own homes and children. The great mother instinct, however, has gone out into the world. A woman has said wisely that it used to be only "my children," but now women are learning to say "our children," and because the women of the nation have awakened to the clarion call that has taken them out into every avenue of work they are learning some of the problems that before they knew nothing about. They are learning to help instead of hinder in the business world and they are realizing one of the big facts that men have learned long since, and that is that the business must be carried on along impersonal lines; that the successful firm must require that all customers and patrons meet the same standards; that no business can be built upon a foundation of favor or concession; that no woman has a right to ask extra favors; that if she does she is making herself one of that fast-dwindling army of parasites, who are not helpers but are hinderers in the work of the world.—New York Evening Telegram.

TOO POLITE

"Do you believe the theory that idiots ought to be killed in their infancy?"

"Now, I wouldn't like to answer that question right to your face."

NO PEACE-TIME UNIFORMS.

I have good reason to believe, says "The Clubman" in the Fall Mall Gazette, that the war office has finally decided that the new army shall not wear the old peace-time uniforms, but that the khaki service dress shall be the only uniform worn in the future, save in the case of a few specially favored corps, such as the Guards and the Horse artillery, and a few of the more famous cavalry regiments, whose uniforms are quite distinctive, like the Royal Scots Greys. Another exception, too, would have to be made in the case of the Highland regiments. The step is being taken purely in the interests of national economy, as the military authorities have sufficient khaki uniforms in stock to last for some years.

PRECOCIOUS CHILD.

"We're gonna have two desserts for dinner," said little Tommy Twobble.

"Who's comin' to dinner?" asked little Susie Gadspar.

"Nobody but pa."

"Geel! Hasn't your mother gotten her new spring clothes yet?"—Birmingham Age-Herald.

DELAWARE MOSQUITOES.

The completion of the work of exterminating the mosquito on the Delaware river marsh land, near the big wet plants, will make available for productive uses 8,000 acres of marsh land, valued at \$2,000,000. So far in the work seven genera and twenty-four species of mosquitoes have been found.

Some Lexington People May Wait Till It's Too Late.

Don't wait until too late. Be sure to be in time. Just in time with kidney ills. Means curing the backache, the dizziness, the urinary disorders.

That so often come with kidney troubles.

Doan's Kidney Pills are for this very purpose.

Here is Lexington testimony of their worth.

Mrs. Michael McDonald, 615 Highland Ave., says: "At one time I gave Doan's Kidney Pills a trial for backache and weak kidneys and found relief. Doan's Kidney Pills relieved the pain and regulated my kidneys so I don't hesitate to recommend them. I usually keep Doan's Kidney Pills on hand to use if necessary."
